

SquareUp — Website Privacy Policy

Effective date: May 21, 2026

This Website Privacy Policy (this "Policy") explains how SquareUp ("SquareUp," "we," "us," or "our") collects, uses, and shares personal data of people who visit our website at joinsquareup.com, contact us, request a demo, subscribe to our communications, apply for a job with us, or otherwise interact with us in a business capacity. We refer to all such people as "you" in this Policy.

If you took part, or are about to take part, in a SquareUp research interview, this Policy does not apply to you. The personal data collected from interview participants is described separately in the **Participant Privacy Notice** (Document 3 of this pack).

1. Who we are

SquareUp provides AI voice-agent customer-research infrastructure to consumer brands. In this Policy, "SquareUp" means SquareUp, Inc., a Delaware corporation (our US parent), together with its Indian subsidiary, which operates our India team and India-resident data. For personal data covered by this Policy, SquareUp, Inc. is the controller; our Indian subsidiary acts as controller for personal data processed in India.

Our offices are at Entrepreneurs First, 501 Folsom St, San Francisco, CA 94105, USA, and Entrepreneurs First, 4th Floor, UrbanVault65, 11th Main Rd, Sector 6, HSR Layout, Bengaluru, Karnataka 560102, India. You can reach us about privacy at hello@joinsquareup.com. Our full contact details, including our grievance officer for individuals in India, are in Section 13.

2. The personal data we collect

2.1 Information you give us

- **Contact and business details** — your name, work email, phone number, job title, employer, and the contents of messages you send us, for example when you request a demo, complete a form, or email us.
- **Account information** — if you create a SquareUp account, your login credentials and account settings.
- **Communications and marketing preferences** — information you provide when you subscribe to updates, register for an event or webinar, or tell us how you would like to hear from us.
- **Job applicant information** — if you apply for a role, your CV, work history, and any information you include in your application or interviews (see Section 11).

2.2 Information we collect automatically

- **Device and connection data** — IP address, browser type, operating system, device identifiers, and language settings.

- **Usage data** — pages viewed, links clicked, referring website, dates and times of visits, and how you move through and interact with our website and emails.
- **Cookies and similar technologies** — we and our providers use cookies, pixels, and similar technologies, as described in our **Cookie Policy** (Document 5).

2.3 Information from other sources

We may receive information about you from third parties such as business-data and enrichment providers, marketing and analytics partners, event organisers, and social or professional platforms (for example, LinkedIn) when you interact with our content there. We may combine this with information we already hold.

2.4 Inferences

We may draw limited inferences from the information above — for example, estimating your approximate location from your IP address, or your likely areas of professional interest — to operate and improve our website and communications.

We do not seek to collect sensitive personal data through our website. Please do not send us sensitive information (such as health, biometric, or government-identifier data) through website forms or general email.

3. How we use your personal data

- **To operate our website** and keep it secure, available, and working properly.
- **To respond to you** — to handle demo requests, answer questions, and provide support.
- **To provide our services** to clients and to administer client accounts and our business relationship.
- **To communicate with you** — to send service and relationship messages and, where permitted, marketing about SquareUp. You can opt out of marketing at any time (Section 7).
- **To analyse and improve** our website, content, and marketing, and to develop new offerings.
- **To protect SquareUp and others** — to detect, prevent, and investigate fraud, security incidents, and misuse, and to enforce our terms.
- **To comply with law** and to respond to lawful requests and legal process.
- **For recruitment** — to evaluate and process job applications (Section 11).

Where the law requires a legal basis for processing — for example, under India's Digital Personal Data Protection Act, 2023 (the "DPDP Act"), or the GDPR if it later applies — we rely on your consent, the performance of a contract with you, our legitimate business interests, and compliance with legal obligations, as appropriate to each use above.

4. Cookies and tracking technologies

Our website uses cookies and similar technologies for essential functionality, analytics, and — where permitted — marketing. You can control these through your browser and, where offered, through our cookie banner. Full details, including the categories of cookies we use and how to manage them, are in our **Cookie Policy** (Document 5).

5. How we share personal data

We do not sell your personal data for money, and we do not share it for cross-context behavioural advertising in a manner that triggers an opt-out right we do not honour. We share personal data only as follows:

- **Service providers and sub-processors** — vendors that help us run our business and website, such as hosting and cloud infrastructure, analytics, email and CRM, payment processing, and security. They may use the data only to provide services to us.
- **Professional advisers** — lawyers, accountants, auditors, and insurers, where needed to run and protect our business.
- **Legal and safety** — authorities, regulators, or other parties where we believe disclosure is required by law or legal process, or is necessary to protect the rights, property, or safety of SquareUp, our users, or the public.
- **Corporate transactions** — a buyer or successor, and their advisers, in connection with a merger, acquisition, financing, reorganisation, or sale of assets. We will require the recipient to honour this Policy or notify you of any material change.
- **With your direction or consent** — other parties when you ask us to share, or you otherwise consent.
- **Aggregated or de-identified data** — information that cannot reasonably be used to identify you, which we may share for any lawful purpose.

6. Where your data is stored and how long we keep it

SquareUp follows a data-localisation approach. Personal data relating to our United States operations is stored and processed on servers in the United States; personal data relating to our India operations is stored and processed on servers in India. Some service providers, and members of our team, may access data across these locations to support you. Where personal data moves between countries, we use lawful transfer mechanisms and contractual protections appropriate to that transfer.

We keep personal data only as long as needed for the purposes described in this Policy — for example, for the duration of our relationship with you and a reasonable period afterward — or as required by law, after which we delete or de-identify it. Retention periods vary by data type and context.

7. Marketing and your choices

You can opt out of SquareUp marketing emails at any time by using the unsubscribe link in any marketing message, or by emailing hello@joinsquareup.com. You will still receive non-marketing messages about your account or our services. Where the law requires it, we obtain your consent before sending marketing and honour the preferences you set.

8. Your privacy rights

Depending on where you live and which laws apply, you may have some or all of the rights below. We will not discriminate against you for exercising them.

- **Access** — to know what personal data we hold about you and obtain a copy.

- **Correction** — to have inaccurate or incomplete data corrected or completed.
- **Deletion** — to ask us to delete your personal data.
- **Portability** — to receive certain data in a portable format.
- **Opt out of sale/sharing or targeted advertising** — noting that SquareUp does not sell personal data or use it for cross-context behavioural advertising in the manner regulated by these laws.
- **Withdraw consent** — where we rely on consent, you may withdraw it at any time, without affecting processing already carried out.
- **Object or restrict** — to object to, or limit, certain processing.
- **Appeal and complain** — including, where the law provides, the right to appeal our decision on your request and to contact a regulator.

8.1 How to exercise your rights

To make a request, email hello@joinsquareup.com. We will verify your identity before responding and will reply within the time required by applicable law. You may use an authorised agent where the law allows; we may ask for proof of their authority.

8.2 United States residents

If you are a resident of California, Virginia, Colorado, Connecticut, Utah, Texas, or another US state with a comprehensive privacy law, the rights above apply to you to the extent that law provides. California residents may also request the categories of personal information we collect, use, and disclose. SquareUp does not sell personal information and does not knowingly process the personal information of anyone under 18 through its website.

8.3 Individuals in India

If you are in India, the DPDP Act gives you the right to access, correct, complete, update, and erase your personal data, to nominate another person to exercise your rights, and to a grievance-redressal process. You may exercise these rights, or raise a grievance, by contacting our grievance officer (Section 13). If your concern is not resolved, you may approach the Data Protection Board of India.

9. Security

We use administrative, technical, and physical safeguards designed to protect personal data — including encryption in transit, access controls, and monitoring — and we review them regularly. No method of transmission or storage is completely secure, so we cannot guarantee absolute security, but we work continuously to protect your data.

10. Children

Our website and services are intended for businesses and adults. They are not directed to children, and we do not knowingly collect personal data from anyone under 18 through our website. If you believe a child has provided us personal data, please contact us and we will delete it.

11. Job applicants

If you apply for a job with SquareUp, we use the information in your application to evaluate your candidacy, communicate with you, and manage our recruitment process. We may receive related information from references and background-check providers where permitted by law. If you are hired, this information becomes part of your employment record; if not, we keep it only as long as needed for recruitment, legal, and record-keeping purposes.

12. Changes to this Policy

We may update this Policy from time to time. If we make material changes, we will update the effective date and, where appropriate, provide additional notice on our website or by email. Your continued use of our website after an update means you acknowledge the revised Policy.

13. How to contact us

For any question, concern, or complaint about this Policy or your personal data:

- **Entity:** SquareUp, Inc. (Delaware, USA) and its Indian subsidiary
- **Privacy contact:** Param Jain — hello@joinsquareup.com
- **United States address:** Entrepreneurs First, 501 Folsom St, San Francisco, CA 94105, USA
- **India address:** Entrepreneurs First, 4th Floor, UrbanVault65, 11th Main Rd, Sector 6, HSR Layout, Bengaluru, Karnataka 560102, India
- **Grievance Officer (India, DPDP Act):** Param Jain — param@joinsquareup.com — +91 8668462386

If you are not satisfied with our response, you may contact the data-protection regulator in your jurisdiction — for example, the Data Protection Board of India, or your US state attorney general.
